## **Texas Requests Hold for Kidnapping Charges**

Leon County Jail- Howard County, Texas Sheriff Deputies have requested a hold be placed on Gil Cancel Comas in connection with their investigation into the alleged Interference of Child Custody and Kidnapping of a thirteen year old Texas child.

Leon County Sheriff's Detectives received the request last night and placed a warrant to hold Cancel Comas in custody to accompany him to court first appearance this morning.

Sheriff Larry Campbell said, "The circumstances in this case clearly sound a wake up alarm for parents. This situation was born on the internet, grew in a chat room conversations, and ended with a 29 year old man driving five states to pick up a thirteen year old child. You wouldn't let your kid go to a park where child predators hung out, so why would you let them chat on the internet without supervision?"
