### Man Arrested for Distributing Child Pornography

The North Florida Internet Crimes Against Children Task Force has arrested Michael E. Sullivan, 49 and charged him with distributing child pornography. Sullivan became the subject of an undercover investigation after his computer was located on a file sharing network while possessing illegal files. When ICAC task force members received pornographic files containing videos of prepubescent and adolescent children from Sullivan's computer, they determined the computer's location through subpoenas and witness interviews.

On September 27, 2010 members of the Leon County Sheriff's Office and the Florida Department of Law Enforcement served a search warrant at 2325 West Pensacola Street #212. During the search warrant, detectives and agents recovered computer equipment, computer hardware and media storage devices. Forensic examination of the computer equipment is ongoing and additional charges are likely. Sullivan was taken to the Leon County Jail.
