Man Arrested for Child Pornography

In April 2010, members of the North Florida Internet Crimes Against Children Task Force served a search warrant for crimes relating to child pornography at 916 West Jefferson Street in Tallahassee, FL. Agents from U. S. Immigration and Customs Enforcement (ICE), the Florida Department of Law Enforcement (FDLE) and the Leon County Sheriff's Office (LCSO) executed a search warrant and recovered computer equipment, child pornographic images and videos.

During the investigation, members of the task force identified a computer that was possessing and/or sharing child pornography through a file sharing program. Evidence led to the identification of Kyle E. Barnes, 20, as the suspect. The search warrant was obtained based on evidence that files containing images of child sexual performance were being possessed and distributed from Barnes' computer.

Through forensic previews, interviews and other investigative measures, warrants for Barnes' arrest were obtained on August 09, 2010. Barnes turned himself in at the Leon County Jail on August 14, 2010 and has since been released on bond. Barnes was charged with 6 counts of Possession of Images of Child Sexual Performance.
