## **LCSO Arrests 15 Year Old for Solicitation of Murder**

Yesterday morning, administrators with Success Academy at Ghazvini Learning Center made their school resource deputy aware of a student who asked another student at a different local school to kill a fellow Ghazvini student.

15-year-old Trevion Dupree was in the administration office about a separate issue. One of the administrators saw texts on Dupree's phone with the words "kill her." The texts were sent to a 14-year-old student at a different school, via private messenger, on a social media platform.

When questioned by Leon County Sheriff's Office detectives, Dupree said he had been speaking with the victim, a 14-year-old female, he knew at his school and the victim made statements making fun of Dupree's dead brother. Dupree said it angered him and he asked the 14-year-old female from a separate Leon County School to kill her. He supplied the second student with a picture of the victim and her home address, saying "shoot her house up I want her dead." This occurred on November 19.

The morning of November 20, Dupree followed up by sending messages to the second female asking "Y u didn't handle it." When she responded that she "couldn't find a ride," Dupree answered back "send someone to do it....I don't want her here anymore I want her dead or (expletive) up." The student told law enforcement she had no intention of following through. The female student he asked to do this said she felt Dupree wanted her to do this.

Detectives spoke with the victim in this investigation and she stated she knew Dupree but was unsure why he was mad enough to do this.

Dupree was taken to the Juvenile Assessment Center.

**ARRESTED:** Trevion Dupree
