## LCSO Arrests Man for Sexual Battery on a Student

On November 15, 2018, the Leon County Sheriff's Office received a report of a sexual battery on a minor that occurred in 2016. Through investigatory means it was determined that a victim, who says he was 11 or 12 years of age at the time, had two separate sexual contacts with Christian Bradshaw on a Leon County Schools bus. Bradshaw was 20 years old at the time of the incident and both the victim and Bradshaw were students at Heritage Trails Community Schools, a school that serves students with behavioral and learning disabilities.

In a separate incident, a 13-year-old victim reported having sexual contact with Bradshaw inside a bathroom stall at a Leon County Public Library location in April, 2019.

Yesterday, investigators located and interviewed 22-year-old Bradshaw. He admitted to having two separate sexual encounters with the victim on a school bus as well as a third incident with the 13-year-old victim at the library. Bradshaw was arrested and booked into the Leon County Detention Facility.

**ARRESTED:** Christian Bradshaw DOB 07/28/96
