## **LCSO Arrests One for Threats at School**

This morning around 9:45 AM, school administrators at Lively Technical College made the school resource deputy assigned to their school aware of threats made by a student.

The student, 21-year-old Terry Henderson, sent a voice message to other students in a group chat saying "I will bring a (expletive) gun and shoot your head off".

At the completion of the investigation, Henderson was taken to the Leon County Detention Facility.

"We cannot afford to take any threat to our schools lightly. Each threat will be investigated thoroughly and the individual responsible will be arrested. We will continue to work with Leon County Schools to make sure our children are safe," said Sheriff Walt McNeil

**ARRESTED:** Terry D. Henderson
