### **LCSO SPIDER Unit Arrests One; Recovers Stolen Gun**

Yesterday, members of LCSO's SPIDER (Special Projects Investigations Detection Enforcement Response) Unit were on proactive patrol when they observed a white Infiniti sedan driving aggressively and passing a black Chevy Impala on Mission Road.

Both vehicles were then observed stopping in the middle of the road and immediately driving away at a high rate of speed, north on Pecan Road. At the same time, the Consolidated Dispatch Agency received a 911 call from the driver of the Impala reporting that the driver of the white Infiniti was shooting at her vehicle.

While dispatchers kept the victim on the phone, members of the SPIDER Unit attempted to stop both vehicles at the entrance of Savannah Crossing apartment complex on Tharpe Street. The driver of the Infiniti, 19 year old Davon Faulk, made an attempt to flee the area, but was located in the complex by additional members of the SPIDER Unit.

Post Miranda, Faulk confessed that he was upset with the driver of the Impala and began shooting in the air. Deputies recovered the firearm, which had been reported stolen to the Tallahassee Police Department.
